LOUIS H. McDUFFEE, MAYOR

Thirty-Seventh Annual Report

OF THE

CITY OF ROCHESTER

NEW HAMPSHIRE

For the Year Ending December 31st

Nineteen Hundred and Twenty-Eight

The Record Press
Rochester, N. H

INAUGURAL ADDRESS

By Mayor Louis H. McDuffee

Gentlemen of the City Council:

After looking over the accounts of other cities of the State, I am pleased with the accounts of the City of Rochester. I think the members of the government of Rochester have given much thought and work to their various departments. The affairs have been handled efficiently and economically. For the dollars spent, we stand high in value received. The financial affairs are in good condition.

The Committees of the Council have given much time to their work, and this coming year I shall expect them to spend as much time, or even more.

Personally I am glad to see that citizens generally are taking so much interest in the affairs of the City. This interest often takes the form of criticism, but criticism we all should welcome, for from constructive criticism ideas of value are obtained.

Sep 23 '36 P

Due from City,	10,542 67
Cash in Hands of Clerk,	717 28
	$52,649 87

The question of maintenance and developing of our highways becomes more important each year. Demands for better roads are more insistent than ever before in our history. Better roads help to make better business, therefore it behooves us to build our roads as fast and as well as our appropriations will allow.

We must look the question squarely in the face, for the freight business of this city is being transferred from the rails to the highway, thus bringing the cost of maintenance on our city.

The busses for carrying passengers have come to stay, thus adding an extra burden for our taxpayer for which as yet we have no means of reimbursement.

The widespread use of the automobile in winter necessitates clearing the roads of snow, thus adding to the expense of the highway department.

We believe snow removal should have a separate appropriation allowed in the city budget. This would be a saving to the highway department which in turn could be expended upon our roads.

We have twenty miles of rural roads leading to our city which should be repaired. I hope our program for 1929 will include the improvement of these roads.

The Public Library is just completing thirty-five years of history. Its growth has been steady; each year has shown a widening of its usefulness in the community.

In modern methods of education outside reading is an important part of the school curriculum, and some of the high school courses could hardly be carried on without the help of the library. It also helps to the best of its financial ability, men and women who wish to pursue and continue courses of study in which they are interested.

From reports of other libraries ours appears to be holding its own with those in our state and elsewhere, which have larger incomes, more room and more books.

You will find this library one of the busiest places in our town during library hours. The library is used to its capacity.

In looking over the library it seems impossible for more books, which certainly will be purchased as time goes on, to be taken care of with the present facilities of the library.

Of all the institutions in our city, the schools not excepted, the library probably comes in closest contact with every citizen.

It needs more books, more shelving, and more room to meet the requirements of the coming year.

THE PUBLIC SCHOOLS

The public schools are a necessity to the democratic form of government. And this becomes more important each year, as the school takes over more and more the training of our youth. The home and the church are unconsciously turning over to public welfare many of their former responsibilities. Therefore we must be equipped with efficient teachers and buildings to meet these needs.

One of our buildings has been constructed over seventy-five years. It would, therefore, be a waste of public money to make any extensive repairs on such a building. One-fourth of the elementary pupils who should attend this school are obliged to go to the High School building and the Allen building. In the near future a modern school building, in keeping with the times, should be erected on the Maple Street lot. In this school plant it possibly would be well to include physical training rooms, not only for Maple Street pupils, but for a large percentage of the pupils in the city.

I trust, therefore, that the council and school board may deem it wise to thoroughly investigate the above situation.

THE POLICE DEPARTMENT

With this department the citizens come in close contact. It is the visible government, and the officers should be courteous, neat in appearance, and when conditions are unpleasant they should be level headed.

I have kept in close touch with the department for two years, and it seems that the department is efficiently managed, and humanely handled.

HANSON PARK

This ideal place for summer recreation was donated to the City, for the benefit of all who wish to go there for comfort and amusement, by the late C. A. C. Hanson.

As an act of appreciation I would recommend that the Committee on Parks and Commons take the necessary steps to improve the conditions of this beautiful spot sufficiently to overcome the unpleasant features that may now exist.

TENNIS COURTS

The two tennis courts on the Joseph Hanson Playground have been found to fill a real need in the community. They have been constantly in use during the tennis season—much of the time with a waiting list on the benches. This development has cost the city but little. The first tennis court was built by the Red Cross—the second was built by the Red Cross with the aid of the city, and furnished by groups of boys and private citizens.

Further development of the playground for this and other sports is likely as our city grows and there is greater need for recreational facilities for our young people. The playground, except for the tennis courts, is now a barren waste. We should take a forward look. I recommend that the city take the initial steps to beautify the grounds by setting out trees and shrubs. This will cost but little. Besides showing our appreciation of the gift of the playground and of its improvements by our people, trees and shrubs will encourage further development and prove a blessing to the next generation.

SNOW INTERVALE

This welcome and valuable addition to the city's recreation area was given with the understanding that,

within a specified time, a parkway suitable for automobile travel should be constructed. This work has been commenced and should be completed at an early date.

FIRE DEPARTMENT

The Fire Department for the past year has worked efficiently.

The Central Fire Station has been thoroughly renovated and painted and varnished, and the quarters of the men made more presentable.

In the Gonic Fire Station a new heater has been installed.

There is a large room unfinished in the Central Fire Station which should be finished.

At Gonic the building should receive repairs necessary to make the new heating plant efficient.

WATER WORKS

This department is unquestionably one of the greatest importance, requiring much forethought and very careful consideration, as the health, happiness and progress of all within our community depend largely upon its efficiency.

At this time I wish to present a few facts pertaining to our present water system. In the year 1906 the water used for domestic and commercial purposes was supplied from the reservoir and Round Pond through a 12-in. pipe line. Evidently this line proved inadequate to meet the requirements, as the city in the following year, 1907, authorized the installation of a 16-inch main from the reservoir to the city proper in addition to the 12-inch main, thus increasing the volume sufficiently to amply supply the number of services at that time, which were as follows:

Total number of services,	1,407
Total number of hydrants,	178
Total number of sewer connections,	949

I find according to the records of 1928 that many main extensions and services have been added, and the system still remains in the original conditions. I will quote the number of services attached to the system at the present date.

Total number of services,	1,996
Total number of hydrants,	209
Total number of sewer connections,	1,596

Showing an increase of 41.8% on services.
Showing an increase of 17.4% on hydrants.
Showing an increase of 68.1% on sewer connections.

It is my candid opinion judging from the report of the Water Committee as to tests recently made that the 12-inch pipe line to Round Pond through the reservoir should be replaced by another line of sufficient size to load the two lines to the City to their utmost capacity.

SEWERS

The working principals of this department are very satisfactory as house plumbing under the new rules makes all work subject to rigid inspection. The only suggestion advisable to make is that an ordinance should be adopted authorizing annual inspection of all plumbing within the city for the purpose of maintaining the best sanitary conditions.

CONCLUSION

Having been acquainted and worked with the old members of this Council for two years, and having been acquainted with the new members socially and

in general business for some years, I am confident that this body is well able to handle all the affairs of the city of Rochester, and feel that if we all give proper attention to the matters which arise, a very satisfactory result will be obtained.

CITY GOVERNMENT

AS ORGANIZED JANUARY 2, 1929

MAYOR

LOUIS H. McDUFFEE

COUNCILMEN

Ward One	CLARENCE S. COLE, JAMES C. PRINGLE, EDWARD L. BACON.
Ward Two	MILES H. DUSTIN, JOHN F. CONRAD, GEORGE P. DICKEY.
Ward Three	FRED'R'K A. HAMILTON, NELSON R. HART, HARRY H. MEADER.
Ward Four	LOUIS S. BERGERON, JOSEPH SYLVAIN, ALPHONSE LACASSE
Ward Five	RALPH E. CAME, GEORGE H. TORR, GEORGE M. JOHNSON.
Ward Six	FRED S. GRAY, CHARLES W. VARNEY, GEO. E. GREENFIELD.

IMPORTANT RESOLUTIONS AND ORDERS

Passed by the City Council

RESOLUTION GRANTING LOCATION OF STRAFFORD-YORK GAS CO.'S PIPES

Resolved by the City Council of the City of Rochester:

That the Strafford-York Gas Company is hereby granted its present location in and under such streets and public ways of the city of Rochester as are now occupied by gas pipes and other equipment of the said Company, as indicated on the map attached hereto, (including the service pipes which are not indicated on the map) with the following provisos: (1) that in the event that the Gas Company has for any reason to relay its gas pipe in any street, it shall relocate the same if so directed by the city of Rochester, to such a location in said street as shall be approved by said city; and (2) that in the event that any gas pipe shall be uncovered by the city water or sewer departments, the said Company will on notice from the city, support, protect and care for its pipe while uncovered.

Passed Jan. 4, 1928.

RESOLUTION TO HIRE IN ANTICIPATION OF TAXES

Resolved by the City Council of the City of Rochester:

That the Committee on Finance be authorized to hire on note or notes of the City a sum not exceeding

$100,000.00 in anticipation of taxes. Said notes to be hired at such times and taken up at such times as the balance in the treasury will permit.

Passed Feb. 7, 1928.

RESOLUTION TO ASK THE CHAMBER OF COMMERCE TO LOCATE IN CITY HALL

Be it Resolved by the City Council of the City of Rochester:

That whereas the Chamber of Commerce has been organized in the City of Rochester, and whereas said organization is without proper rooms and facilities for establishing and carrying on their work.

Now, therefore, be it resolved, that said Chamber of Commerce be and hereby is invited to locate their office in City Hall without compensation, and on acceptance of said invitation by it, the Committee on Public Buildings is hereby authorized and empowered to provide rooms and quarters in said City Building for the use of said Chamber of Commerce, without expense to said Chamber.

Be it further resolved, that the City Clerk present a copy of this resolution to said Chamber of Commerce.

Passed Feb. 7, 1928.

RESOLUTION TO PURCHASE GRAVEL PIT

Be it Resolved by the City Council of the City of Rochester:

That whereas in the building and maintaining of the highways of said City it becomes necessary to obtain by purchase gravel to be used on said highways, and whereas there is an opportunity to purchase a gravel pit owned by the Boston and Maine Railroad situate at the foot of Charles Street in said City, for the sum of seventeen hundred and fifty dollars;

Now, therefore, be it resolved that the Mayor be and hereby is empowered and authorized to purchase from the Boston and Maine Railroad said tract of land as described in a copy of a deed with a plan attached submitted to said City by the Boston and Maine Railroad, and pay therefor the said sum of seventeen hundred and fifty dollars.

Recommend the following Amendment:

That the above mentioned sum of seventeen hundred and fifty dollars be paid from any moneys not otherwise appropriated.

Passed March 6, 1928.

RESOLUTION OF ANNUAL APPROPRIATION

Resolved by the City Council of the City of Rochester:

That for the support of the various departments of the City of Rochester for the year 1928 there be raised by taxation the amount of two hundred seventy-five thousand four hundred sixty-nine dollars and thirty-eight cents and the Assessors are directed to assess that amount with such overlay as may be thought necessary.

Passed March 6, 1928.

RESOLUTION TO RAISE MONEY WITHIN THE SPRINKLING PRECINCT

Resolved by the City Council of the City of Rochester:

That there be raised by taxation within the Sprinkling Precinct, the sum of twenty-five hundred dollars, in accordance with the act of the Legislature, creating said precinct.

Passed March 6, 1928.

AMENDMENT TO ORDINANCE PAY OF JANITOR AT GONIC

Be it Ordained by the City Council of the City of Rochester:

That Section 1 of Chapter XXIV of the City Ordinances with reference to the salaries of City Officers be and hereby is amended by adding thereto the following:

The Janitor at the Fire Station and Public Library at Gonic, one hundred and sixty dollars per year, payable quarterly from the Salary Department.

Passed April 3, 1928.

RESOLUTION TO PURCHASE LAND FOR STRAIGHTENING EAST SIDE TRUNK LINE

Resolved by the City Council of the City of Rochester:

That the Mayor be instructed to take by deed a small section of land from the property of Raymond Andrews on the East Side Trunk Line to straighten a bad curve at said point. Said tract of land contains 16/100 of an acre as per the attached sketch and pay therefor the sum of twenty dollars.

Passed April 3, 1928.

RESOLUTION FOR FREE USE OF THE OPERA HOUSE APRIL 15 AND THE WEEK OF MAY 6

Resolved by the City Council of the City of Rochester:

That the use of the City Opera House for the payment of the opening expenses only be granted to the Y. M. C. A. for Sunday evening, April 15, and the use of the Opera House be also granted to the Music Week Committee for the following dates: May 6, 7, 8, 9, 11, 12.

Passed April 3, 1928.

RESOLUTIONS AS TO IMPROVEMENTS AT TWOMBLY PARK

Be it Resolved by the City Council of the City of Rochester:

That whereas a branch of the American Legion known as the Forty and Eight desire to establish quarters at Twombly Park in said Rochester, and whereas they are willing to erect bath houses and make improvements thereon,

Now, therefore, be it resolved that the Mayor be and hereby is empowered to enter into a contract on behalf of said City of Rochester, with said organization for the use and occupation of said Park, by lease or otherwise, upon such terms and conditions as may be mutually agreed upon.

Passed May 1, 1928.

RESOLUTION TO BUY LAND FOR ROAD STRAIGHTENING

Resolved by the City Council of the City of Rochester:

That the Committee on Roads, Bridges and Drains be instructed to take by deed, a small piece of land near Card's Hill from the estate of the late Charles McDuffee to straighten a bad curve at said point. The amount to be paid not to exceed fifty dollars.

Passed May 1, 1928.

RESOLUTION TO HIRE IN ANTICIPATION OF TAXES

Resolved by the City Council of the City of Rochester:

That the Committee on Finance be authorized to hire an amount not exceeding $50,000.00 in anticipation of taxes, to be hired at such times and taken up at such times as the balance in the treasury will permit.

Passed Aug. 7, 1928.

RESOLUTION TO GIVE QUIT CLAIM DEED TO GERTRUDE L. CHENEY

Whereas the Tax Collector William K. Kimball, has conveyed to the City of Rochester, the estate known as the Horace E. Horne Estate, situated on 28 River Street by a Tax Collector's Deed.

Resolved by the Mayor and City Council for the City of Rochester:

That the Mayor be authorized to execute a Quit Claim Deed of said property for and in behalf of said City to Gertrude L. Cheney, of Dover, New Hampshire, upon her paying the amount due the City of Rochester for taxes.

Passed Sept. 4, 1928.

RESOLUTION TO GIVE AMERICAN LEGION $180 TO HELP DEFRAY FOURTH OF JULY CELEBRATION EXPENSE

That the Mayor be authorized to draw a check for $180.00 to help the American Legion defray the expense of the Fourth of July celebration. The same to be paid from any moneys not otherwise appropriated.

Passed Sept. 4, 1928.

RESOLUTION FOR ABATEMENT OF TAX ON WYANDOTTE WORSTED CO.

Be it Resolved by the City Council of the City of Rochester:

That whereas the Wyandotte Worsted Company of Waterville, Maine, contemplates the erection and operation of a finishing plant in said Rochester, and whereas the operation of said plant will bring to said City of Rochester a pay roll of between one and two thous-

and dollars, and whereas it is very desirous that this new business should be established herein:

Now, therefore, Be it resolved that the Wyandotte Worsted Company be and hereby are granted an abatement of all local taxes upon said finishing plant, together with its machinery and stock in trade for term of five years.

Passed Nov. 7, 1928.

RESOLUTION TO TRANSFER BALANCES

Resolved by the City Council of the City of Rochester:

That if found necessary in closing the accounts of the year to transfer from a department where there is a balance to a department where there is a deficit the Committee on Finance be instructed to make such transfer.

Passed December 6, 1928.

RESOLUTION TO ISSUE WATER LIEN

Resolved by the City Council of the City of Rochester:

That the Committee on Water Works be authorized to take such steps as are necessary for the collection of water rates on property owned by Charles M. Hatch on Franklin Street, and bring suit as per Chapter 71 of the Public Laws of 1927.

Passed December 6, 1928.

RESOLUTION TO PRINT 1928 CITY REPORTS

Resolved by the City Council of the City of Rochester:

That the Committee on Printing be authorized to make all arrangements for the printing of the 1928 Reports of the City of Rochester so that said Report may be placed on its way for completion.

Passed December 6, 1928.

RESOLUTION TO MAKE NULL AND VOID ABATEMENT OF TAXES TO S. H. FEINEMAN AND CHARLES W. VARNEY

Be it Resolved by the City Council of the City of Rochester:

That whereas Solomon H. Feineman and Charles W. Varney were granted an exemption from local taxes for a period of five years on the expectation that they would put in operation the manufacturing plant in said Rochester, known as the Wallace Shop, and whereas the said Feineman and Varney have been unable to start operating said plant as anticipated, and the exemption to said Feineman and Varney has not been acted on by said Feineman and Varney

Now, therefore, be it resolved that said vote exempting said Feineman and Varney from taxation for a period of five years be and hereby is rescinded and that the same is null and void.

Passed December 6, 1928.

RESOLUTION TO ABATE TAXES ON ROCHESTER FACTORY HOLDING CO.

Be it Resolved by the City Council of the City of Rochester:

That whereas the Rochester Factory Holding Company has petitioned the Board of Assessors for an abatement of local taxes on the Wallace Shoe Shop for the year 1928, and whereas said Factory Building is vacant and has been for the entire year, and whereas said Board of Assesors have voted to abate the local taxes on said manufacturing plant known as the Wallace Shoe Shop for the year 1928.

Now, therefore, be it resolved that the action of the local Board of Assessors in abating the local taxes on said manufacturing plant for the year 1928, be and hereby is approved.

Passed December 6, 1928.

Dogs dispatched,	21

In conclusion I wish to thank the Honorable Judge and City Solicitor for their advice and cooperation, also the Officers of the Department for the faithful discharge of their duties.

Respectfully submitted,

ISAAC W. RANKIN,

Marshal.

REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT

To the Honorable Mayor and City Council:

In rendering my report of the Fire Department for the year ending December 31, 1928, I would state that we have been very fortunate this year in not having many serious fires and with our equipment we feel that we are better prepared for whatever emergency may arise by having up-to-date equipment.

There have been 22 bell alarms; 171 still alarms, mostly chimney fires; 14 brush and forest fires, in the City proper; 3 bell alarms; 12 still alarms; 1 brush and forest fire, at East Rochester; 2 bell alarms; 17 still alarms; 4 brush and forest fires at Gonic, making a total of 246 alarms for the year.

Out of town calls: January 14 we assisted Gonic in its drowning accident; February 10 we assisted Farmington in its fire; June 3 we assisted Eastwood, Maine, in its fire; July 9 we assisted New Durham in its fire; October 26 we assisted Gonic in its fire.

The amount of property involved is as follows:

Value of buildings,	$251,839 84
Insurance on same,	191,950 00
Losses paid,	19,337 67
Value of contents,	286,257 67
Insurance on same,	282,250 00
Losses paid,	14,695 62

This year the City purchased two automatic hose couplings, two play pipes, two thousand feet of 2½-in.

rubber lined, double jacket hose, three new fire alarm boxes and four extinguishers.

I will recommend that the City purchase another pumping car. The reason why I recommend it:

To the Mayor and City Council:

Gentlemen:—I wish to call your attention to the condition of the City in case of a large fire, especially on the east side of the railroad track where all the box factories, lumber sheds and lumber yards are, where you have about sixty pounds water pressure at the hydrant which is not sufficient to fight large fires with, and the new water main is too far away to help these conditions.

We experienced these conditions some few years ago when Champlin's mill, Kiesel Brick Co., the barrel factory, the United Box & Lumber Co. and the handle factory, were all burned down. It was the cause of heat and low water pressure.

Two years ago we had a steamer. Today we have only a pump. This pump has been three times to Milton, once at Union, once at Milton Mills, once at Farmington, once at Eastwood, Maine, once at East Rochester, once at Gonic, and with the changing over of some of the business blocks and adding on them, and a large addition put on the woolen mill, and the Chamber of Commerce making every effort to start the Wallace shop, I do believe that the City Council should take this matter under consideration.

The Reo truck has been overhauled this year and should be painted this coming year.

The room on the first floor of the fire station has been varnished and makes a great improvement. There has also been a new floor laid in the Gonic station this year.

In behalf of the Fire Department, I will take this opportunity to extend our sincere thanks to all those who have been so kind and have given to the Department to show that they appreciate its good work.

In behalf of the Board of Engineers, I will take this opportunity to extend our sincere thanks to all the Officers and Members of the Fire Department for the promptness in which they have discharged their duties during the past year.

In conclusion I will take this method to thank the Mayor and Fire Committee and Members of the City Council for what they have done for the Fire Department during the year just ended.

Respectfully submitted,

JOHN F. NUTE,

Chief Engineer of the Fire Department.

REPORT OF CITY SOLICITOR

To the Honorable Mayor and City Council of the City of Rochester:

It is very gratifying to report at the close of the year 1928 that the vast amount of business transacted by the City officials has been so well handled that no new litigation has been instituted against the City.

The only unsettled claims against the City at the beginning of the year 1928 were those of N. B. Thayer Company for abatement of taxes, and the claim for damages by Joseph Michael for injuries received upon the highway leading from Rochester to Concord.

The matter with N. B. Thayer Company was adjusted and settled by the parties.

The claim of Joseph Michael is now pending and unsettled.

There are no other suits or claims pending or contemplated against the City of which I have knowledge.

Respectfully submitted,

GUY SMART,

Solicitor.

REPORT OF BOARD OF HEALTH

To the Honorable Mayor and City Council of the City of Rochester:

We herewith submit our report for the year ending Dec. 31, 1928.

Number of deaths from all causes (excluding stillbirths),	154
Number of stillbirths,	9
Number of deaths from diphtheria,	1
Number of deaths from tuberculosis,	3
Number of deaths from cancer,	16

All complaints have been investigated.

Respectfully submitted,

D. L. STOKES, M. D.,

FORREST L. KEAY, M. D.,

Board of Health.

REPORT OF OVERSEER OF POOR

To the Honorable Mayor and City Council of the City of Rochester:

The following list shows the names and the amount of assistance furnished to City Poor during the year ending Dec. 31, 1928:

REPORT OF LIBRARY TRUSTEES

To the Honorable Mayor and City Council:

Gentlemen:—The Board of Trustees respectfully submit to you the thirty-fifth annual report of the trustees, together with the reports of the Librarian and Treasurer for the year 1928.

The Board has held its ten regular meetings. There were no adjourned meetings.

A few minor repairs were needed and made. A desk chair, rubber matting, and card catalogue cases have been purchased.

Shelving space in the library is much needed. In order to make room for new books, it has become necessary to store many old books in the basement. These books cannot be properly cared for there, and are inaccessible to the public. This crowded condition has been brought to the Council's attention in previous reports, and we wish to urge again that it receive favorable consideration. Some provision must be made to relieve the congestion.

What has been done with the 1928 revenues will be found in the accompanying report of the librarian.

Our library is a live educational center. Its high rank among New England institutions of like character is primarily due to the ability and devoted service of the Librarian and her assistants.

For the Trustees,

JOSEPH F. SWEET,

Secretary.

Rochester, N. H., Dec. 31, 1928.

REPORT OF LIBRARIAN

To the Board of Trustees of the Rochester Public Library:

Gentlemen:—Again it becomes my privilege and my duty to present to you a report of a year's work. As the outstanding events of each month have been brought to your attention at your regular meetings, it seems necessary at this time, to give merely a summary of the work of the year and note its most important problems.

GROWTH

Growth to a library means two things: first, the number of books added; second, the increasing use of the library.

159 books have been given to the library this year; 59 have been added by binding magazines and 634 have been purchased at a cost of $913.14. Of the number purchased, 86 have replaced or duplicated books worn out or needed.

To satisfy the regular patrons with the few new books purchased has been one of the problems. Rochester readers want the best of the new books both fiction and non-fiction and want them at once. These books are expensive. Even novels retail today at $2.00 or $2.50 and some publishers are agitating the question of raising the price of the more important to $3.00. Non-fiction ranges in price from $3.00 to $10.00 per volume. It has therefore been impossible to add any large number of books with a small allowance.

CIRCULATION

1,139 more books have been given out this year than last. The circulation for the year being 74,147.

Regular patrons have become personal friends and are missed if for a time they are not able to visit the library. That these patrons appreciate their opportunity has been made evident by their words of commendation and appreciation and their notes of regret when called to a place where the library is less active. One letter recently received from the west said, "You cannot tell how often we wish that the Rochester Public Library was near us."

THE CHILDREN'S ROOM

Perhaps no part of library work is more interesting than the work with the children. Little tots, who have practised writing their name until it is legible, come with beaming faces to take out a library card. You will find them enthusiastically looking over the books, often sitting on the floor in their anxiety to get a better view, bringing to the desk all their little arms will hold. After a little persuasion they are contented to leave a few of these for another day.

It is only a few years before these little folks, grown used to and at home in the library are at the main desk asking for required reading or insisting that they have read all the books in the children's room.

To this room have come 4,147 readers and 18,374 books have been given out. Upon looking over the records we find that the highest average circulation was during the summer.

This is due in part to the Vacation Reading Contest plan. 54 young people, between the ages of 8 and 15, registered, read and reported 468 books.

We have sometimes wondered if the Vacation Reading Contest paid, if the young people received enough benefit to pay for the work entailed.

This fall we were told that three of our young ladies who are attending a private school were asked with the other members of the class to present a list of books which they had read and where they were obtained. These young ladies presented the best lists of the entire class and gave credit to the Vacation Reading Contest of the Rochester Public Library.

AGENCIES

The agencies at Gonic and East Rochester have been maintained as heretofore. The usual number of books have been kept at each, the monthly exchanges made and the required reports forwarded to the home library. Gonic has given out 1,045 books and East Rochester 1,771. Miss Allen has not thought it advisable to continue the house station at Walnut Grove this year and only 25 books were given out.

READERS AND STUDENTS

It is always a disappointment at the end of a busy year when so much of the time has been spent satisfying the demands of the "seekers after knowledge" to find that the number has really been less than the year before. Such is the fact however and the total number counted, 13,239, is 2,446 less than last year.

The two session plan at the High School limits the time for reference work and makes the hours from 4 to 6 P. M. very congested at the library, so congested in fact that the entire library seems given over to school pupils and the entire staff are kept busy attending to their needs.

Much time was spent last winter assisting the seniors with their special work and the museum is used again this year as a study room by the High School debating team.

We are glad to report that adults have used the

reading room more this year, many coming regularly and staying longer. Some of the New Hampshire University students use the library for their outside work, spending several hours daily in the rooms.

WORK OF THE YEAR

In library work as in every other work of any importance, that which meets the eye, such as circulation and reference, is the smaller part of the work.

The assembling, the preparation, the method of output, the publicity, the appropriate and permanent records, each has an important part in the scheme of things. Added to these is the care of property and books. 8,129 books have been repaired at the library. Many of these have been taken apart and resewed, then put back into their covers with new end pages. This not only adds to the life of a book which would otherwise have to be discarded but lessens the cost of rebinding.

Rebinding is a big expense each year. It now costs from sixty to eighty cents to rebind the average book. At first thought it seems as if it would be less expensive to replace with cheap editions than to rebind. When one considers that first editions have better paper and good print and that the life of a book after rebinding is from three to ten times as long than in the publishers binding it does seem to be wise.

Another problem which is hard to meet is that of fines. It seems to be a growing habit to forget the money when a book is over due. This necessitates not only the additional trouble of making a fine slip but the unpleasant task of asking for the fine later.

Some method must be devised whereby each patron will consider it a matter of honor to bring the money for a book, which has been kept over time, as long as it is a law of the library.

SERVICE

Never in the history of the library have the staff done better team work or taken a greater interest in their work. The inevitable changes in the general assistant have taken place. This is really to be expected as the one chosen for the position is often marking time waiting for an opportunity for higher education.

Other than that the personnel of the staff remains the same and my sincere appreciation is due these efficient assistants who in every way co-operate in carrying on the work.

SUMMARY

In January 1929, thirty-five years will have passed since the library opened its doors to a waiting public. Each year has marked some advancement in its growth and use, each year has brought new needs and new demands.

Because of its very modest income it has grown slowly; because of the loyalty and interest of those who had the matter in hand, it has grown well.

It has ever been one of the underlying principles of the library to keep well in advance of the times and the prospective demands of the public, to be all things to all people as far forth as the library policy would allow.

From it has gone out 1,717,636 books to enrich or enliven the lives of our people. To it has come 408,808 readers and students for help and recreation.

What the next thirty-five years will mean to the library depends not only on those who carry on the work but on the liberality of the citizens.

I would at this time express my most sincere appreciation to the assistants of the past as well as to those of the present who have helped with the work

of the years and to the trustees who have always encouraged and expressed their appreciation for the efforts made in its behalf.

Respectfully submitted,

LILLIAN E. PARSHLEY,

Librarian.

SUPERINTENDENT OF SCHOOLS AND SECRETARY OF THE BOARD

WILLIAM H. BUKER

Office at High School Building. Office hours: 4.00 to 5.00 P. M., on school days; 8.30 to 12.00 A. M. on Saturdays. Residence, 10 Granite Street.

SECRETARY TO THE SUPERINTENDENT OF SCHOOLS

MYRTLE L. CHENEY

Office hours: 8.00 to 11.30 A. M.; 1.00 to 5.00 P. M.

ATTENDANCE OFFICER

C. EDWARD GOODWIN

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Members of the School Board:

The purpose of this thirty-seventh report and the sixth that I have presented is to inform you concerning three issues:

1—To state how the school money is expended.

2—To discuss the returns we are receiving from school revenue.

3—To discuss how Rochester may have a more efficient school system.

The financial statement in this report answers the first issue.

I wish to inform rather concretely this body and the public concerning the second and third issues.

TEACHERS

The teaching staff has, during the year, endeavored to increase its professional training. Many of the teachers have taken summer and extension courses. All have continued professional courses in reading, and a few have had visiting days to observe other school systems. The superintendent has held several teachers' meetings at which teachers have freely discussed various phases of school work. Rochester teachers, as a group, desire to keep well informed concerning recent movements in the educational field.

Rochester and every other city in the state needs a retirement plan for its teachers. Teachers, who have given the greater part of their lives to public welfare, should at least have the assurance that the public recognizes their past contributions.

The State Teachers' Association will present to the 1929 legislature a Teachers' Retirement Bill. Briefly its advantages are:

(a) It partly compensates for the low salary that teaching offers while in service.

(b) It makes each year of teaching a step toward independence in old age.

(c) It gives a teacher an opportunity to study and travel during summer months.

(d) It tends to raise the morale of the teaching force.

The retirement plan is in effect in all the states, except New Hampshire, north of the Mason and Dixon Line and east of the Mississippi River.

The cost for this retirement measure is equally shared by the teacher and the state. The total cost to the state would be about $20,000; Rochester's share toward this amount would be only a few hundred dollars.

I trust then that the members of the school board, representatives to the legislature, and the public of Rochester may give this proposed measure full consideration.

The following changes have been made in the teaching staff:

HIGH SCHOOL

Resignations	Elected
Elsie Chickering Brown	Grace Gerrish
Grace Gerrish	
Ishmeal MacKechnie	David Webb
Elsa Pearson	Maude Wilkins
Eliza Tarrant	Margaret Jenness

ELEMENTARY

Allen 3	Helen Berry	Margaret Paul
Allen 3	*Margaret Paul	Helen Stever

School St. 1	Helen Watson	Margaret Paul
School St. 8	Florence Paine	Lenora Edgecomb
Additional teacher at East Rochester		Elsie Darling

*Transferred

The following teachers attended a 1928 summer school:

Elden G. Barbour, Bates College.
Lenora Edgecomb, Plymouth Normal School.
Elwood S. Fraser, Bates College.
Alice D. Goodwin, Bates College.
Erma R. Goodwin, Gorham Normal School.
Lewis E. Holden, University of New Hampshire.
Margaret Jenness, Columbia University.
Eva M. Locke, University of New Hampshire.
Douglas Stevenson, Harvard College.
Rodger M. Tolman, University of New Hampshire.

The following teachers are taking a course at the University during this year on Saturday mornings: Phyllis Bliss, Guy O. Edmunds, Ida B. Meader, Mary W. Rhodes, Louise P. Sawyer, Rodger Tolman, Mabel E. Warburton.

HIGH SCHOOL

The headmaster will give in his report a detailed account of the many activities pertaining to the high school. I wish merely to inform you in general terms concerning the work of the high school.

We have had a more stable teaching force than for many years. A school with few teacher changes is in general a favorable sign that its scholastic rating is higher than a school which has a changing teaching staff.

The State Department of Education has given Rochester High an honor rating in its secondary report ending June 30, 1928.

1. Rochester High had, the past year, a small amount of tardiness and a high percentage of attendance.

2. The school offered a large amount of supplementary material in addition to the fundamental subjects.

3. Much more Latin was read at Rochester High School than in the average school of the state.

4. A smaller per cent of our high school pupils left school than in the average school of the state.

5. Rochester High had more than 178 days of school which was the average for the state.

6. A larger per cent of the high school graduates are continuing their post-secondary education than from the average high school. In fact Rochester had the largest per cent. of graduates who continued their post-secondary education of any city high school in the state.

A PHYSICAL TRAINING BUILDING

Reasons for such a building:

1. Every boy and girl in Rochester is entitled to have an opportunity to develop his body as well as his mind.

Rochester is the only city in the state which is not giving its boys and girls a fair show in this respect.

2. There is not a building in the city where the various clubs of this city may have any proper indoor physical training.

3. Our present health program must practically stop in the elementary grades. A high school program could be added if a building were available. This would involve but a small additional expense. It seems very inconsistent to the writer to start a program and then be able to carry it only half way through.

4. The citizens of Rochester are responsible for the moral training of the youth in this city. The

church, clubs, and many other uplifting organizations cannnot function on theory. Physical and moral training go along side by side.

SCIENTIFIC TESTING

The State Board of Education has given standardized tests to the senior classes of all high schools. The purposes of these tests is to give post-secondary institutions such information as will aid these schools in adjusting its students to their particular school.

In addition to the above tests several tests have been given by the writer for three purposes:

1. To assist teachers in diagnosing their teaching problems.

2. To raise the scholastic standing of the schools.

3. To give the school officials and teachers a greater knowledge of the individual pupil.

SMITH-HUGHES AID

The Federal Government contributes annually $10,000 to the state to assist high schools that have Mechanic Arts Courses. These courses must meet the minimum standards set up by the Federal Vocational Board. We were able to meet these standards in 1927-1928. The amount received from this fund for the year ending June 30, 1928, was $1,481.73. It is expected that we shall receive a like sum this year.

POST-SECONDARY SCHOOLS

There is not a post-secondary institution in the east which has a high scholastic rating but what insists on more than scholastic marks for admission requirements.

These institutions require the pupil's standardized test scores received in high school, his scholastic position relative to other members of his class and the teachers' estimates of such characteristics as personality, honesty, leadership, ambition and desires.

Therefore, it is essential that those who are contemplating a post-secondary education should decide early in high school in order that they may concentrate upon the requirements of these secondary institutions.

NORMAL SCHOOLS

We have two normal schools in the state, one at Plymouth and the other at Keene. Both schools offer a two-year course for elementary teachers, grades I to VI, and a course for Junior high school teachers, grades VII, VIII, and IX.

The course for the senior high school teachers varies in the two institutions. Plymouth offers courses for commercial and academic teachers in the high schools. Keene offers an Academic, Mechanic and Domestic Arts curricula.

The four-year graduates from these institutions receive a Bachelor Degree in Education.

High School graduates who are contemplating to become teachers would do well to investigate these schools before deciding what institution to attend.

THRIFT AND ECONOMY

In a well organized business the practice of thrift and economy plays an important part toward its success. Likewise it must also be found in a school system.

The teachers and pupils are continually practicing thrift by making full use of the supplies, conserving their books, caring for the furniture and buildings, economizing on lights, assisting the janitors in saving fuel and in many other ways.

Our supplies and fuel are purchased by bids, thereby saving the city several hundred dollars each year.

EVENING SCHOOL

It was decided by the school board that Rochester should no longer offer free courses in secondary education at the evening school. It was also voted that if there were a sufficient number who desired secondary work, such as typewriting, shorthand, domestic and mechanic arts, a normal tuition fee should be required from each student.

The school department still continues to offer free courses in elementary English to those who are learning the English language.

Therefore our enrollment has been reduced to forty this year.

The four instructors are: Lester E. Smith, Ellen L. Hart, Marion Whipple, and Zilpha Capron.

OUTSIDE AGENCIES

There are many outside agencies which wish to get a foothold in the public schools. Commissioner Butterfield has publicly declared that there are a few advertising concerns which insist in commercializing the schools. These firms send their agents into the schools to sell magazines and books. In our own

school system we have had out-of-town agents who have tried to get into the schools to sell clothing, jewelry, and what-not. It is fortunate that the Rochester School Board's regulations specifically forbid the superintendent to allow such agents in the schools.

Unless school boards and executive officers of the school system insist on having time to teach the fundamentals our schools will soon become entertainment bureaus.

TO THE PARENTS

Do I Criticize the Schools Before My Children?

It would greatly assist your own children and the teachers if you would ask and honestly answer the following questions:

1—Have I examined the books my children are using?

2—Do I find out the reasons for A, B, and C on his report cards?

3—Have I ever met my boy's teachers?

4—Does my child receive the proper amount of sleep?

5—Has my girl ever told me what the school nurse has said about her physical condition?

6—Do I read the annual school reports, and the weekly school notes in the local press?

7—Have I visited this term his school other than at some school entertainment?

8—Have I ever talked over with the principal or superintendent my child's future?

9—Do I attend the Parents' meetings of my boy's school?

10—Do I exercise my suffrage right in voting for school board members?

REPORT OF SUPERINTENDENT'S ACTIVITIES

Supervisory visits to the schools: January 102, February 75, March 120, April 95, May 121, June 57, September 177, October 97, November 96, December 47.

I have attended 11 school board meetings, 25 committee meetings of the school board, 10 educational conferences, 16 teachers' and superintendents' meetings. I have given 11 educational addresses, conducted several local teachers' meetings and attended numerous community committee meetings, besides caring for the many activities connected with the superintendent's office.

DEPARTMENTAL WORK IN UPPER GRADES

The teachers in School Street School and the superintendent introduced departmental work into this school in January 1927.

It has proven to be as anticipated, a step in advance, both from the pupils' standpoint and the teachers.' Standardized tests show that these pupils are receiving a more efficient type of instruction than formerly. This school organization is known as a modified junior high school.

REPAIRS THAT HAVE BEEN MADE

HIGH SCHOOL

1. Cornice and flag pole painted.

2 Windows and sashes painted on east side of building.

3. Boiler repaired.

4. Ceilings repaired.

5. Two rooms tinted.

6. Several seats buffed and varnished.

7. Changed heating pipes in Mechanic Arts building.

ALLEN SCHOOL

1. Several broken window cords replaced by chain cords.

2. Several desks buffed and varnished.

3. Outside steps repaired.

4. Outside doors painted.

5. Several panes of glass set.

6. Roof and chimneys put in first class condition.

7. Fence constructed adjoining Charles Jenness' land.

8. Fence constructed adjoining Miles Dustin's land.

9. Boilers repaired.

10. Flag pole painted.

School Street Building

1. Several seats varnished.
2. Gravel placed about cement walks.
3. Minor repairs made on steam gauge.
4. Two slate blackboards installed in sixth grade room.
5. Placed additional shelves in two rooms.
6. Boilers repaired.
7. Flag pole painted.

Maple Street Building

1. Placed a new pipe to steam gauge.
2. Several desks varnished.
3. Drinking fountain installed in upper corridor.

East Rochester Building

1. Verandas have been repaired.
2. Steam gauge pipe changed.
3. Tinted additional room and lower corridor.
4. Added additional seats for extra room.
5. Placed additional shelves in one of the rooms.
6. Placed some new fire bricks about the boiler.

Gonic School

1. Replaced grates in one of the boilers.
2. Tinted one room.
3. Replaced pipe to steam gauge.

4. Flag pole painted.

5. Added shelves in two rooms.

Window cords and shades fixed in all buildings.

REPAIRS NEEDED TO BE MADE

HIGH SCHOOL

1. Corridor floors need to be replaced.

2. Stair treads must be changed.

3. The tinting of four rooms should be done this year.

4. The entire building needs to be varnished.

5. Concrete walks need to be laid about the building.

ALLEN SCHOOL

1. Tinting and painting entire building ought to be done.

SCHOOL STREET SCHOOL

1. This building must be shingled.

2. The building needs varnishing.

3. The partition should be removed between the fifth and eighth grade rooms.

4. The grading of the grounds ought to be completed.

MAPLE STREET SCHOOL

1. Only minor repairs should be made on this building.

Gonic School

1. Tinting the corridors is necessary.
2. Varnishing the entire building is a necessity.
3. Buffing desks in two rooms is needed.

East Rochester School

1. Tinting and minor repairs are needed.

LIST OF TUITION PUPILS

January 1, 1929

High School

Lebanon, Maine: Kathleen Blaisdell, Ruby Carpenter, Clarence Colbath, Merlon Farrell, Maurice Lord, Richard Shorey, Helen Tebbetts, Olive Walsh, Roland White, Norman Varney.

New Durham: Arlene Giles, Mary Miller, Tracy F. Laney, Neal Willett, Edith Langley, Donald McKeen.

Barrington: Lillian B. Stiles.

Milton: Draxa Corson.

Wakefield: Harry W. Chapman.

Strafford: Evelyn Brock.

Elementary

Lebanon, Maine: Dorothy Blaisdell, Vernor Blaisdell, Doris Carpenter, Muriel Carpenter, Robert Carpenter, Ruth Carpenter, Everett Gray, Ralph Gray, Robert Gray, Bert Hartford, Lois Hartford, Victor Hartford, Warren Hartford, Barbara Leonard, Harrison Leonard, Brenda McCrillis, Alfred McKenney,

Norman McKenney, Richard McKenney, Norman Pierce, Phyllis Shorey, Robert Varney, Franklin Walsh, Glenn Walsh, Glennis Walsh, Christine White, Evelyn White, Robert White, Raymond Mealey.

Barrington: Raymond Hobson.

The tuition rates for 1928-1929 are:

High School: $88.91 per year.

Elementary, $42.09 per year.

OUR FUTURE

The Rochester school system for the past five years has made many progressive changes.

Our Mechanic and Domestic Arts courses have each year raised their standards. The Commercial curriculum offered is in line with the larger high schools of the state. The teachers of the Academic curriculum have been obliged to raise the standards in order to meet the post-secondary demands.

In fact the entire curricula from the first grade is being made to fit more definitely the pupils' needs.

It is not far distant when the public schools will take over largely the training of pupils from the kindergarten through the high school in music, art, dramatics, health, and moral instruction.

In many cities the radio and the moving pictures are a part of the curricula. These will soon be a necessity in every up-to-date school system.

We are going to be asked, and no doubt should have been years ago, for the use of the school buildings from 8 A. M. to 10 P. M. No successful business

concern would allow its plants to be idle one-third of the time.

The training that will be required of the teacher must increase in order to meet the coming demands.

Therefore Rochester must face these advancing problems and be ready to solve them.

COST OF CITY SCHOOLS

Average Per Pupil Cost for 1927-1928

	High	Elementary
Berlin,	$157 21	$80 97
Concord,	154 41	89 98
Laconia,	139 50	66 74
Dover,	133 78	63 24
Nashua,	132 80	82 19
Manchester,	131 46	69 87
Somersworth,	127 85	94 46
Franklin,	125 89	76 82
ROCHESTER,	109 82	65 25
Keene,	106 98	54 11
Portsmouth,	96 07	69 06
Average,	$128 71	$73 89
Average (1926-27),	$128 11	$72 86

The cost per pupil both in the high and elementary schools at Rochester is low in comparison with other cities of New Hampshire.

EXPENDITURES FOR PUBLIC EDUCATION

1927-28

Current Cost per $1,000 Equalized Valuation

Portsmouth,	$8 44

Keene,	$8 32
Concord,	8 10
ROCHESTER,	7 94
Franklin,	7 55
Berlin,	7 38
Nashua,	7 34
Laconia,	6 25
Dover,	6 02
Manchester,	5 18
Somersworth,	4 99
Average,	$7 05
Average (1926-27),	7 23

The above table shows that the Rochester schools are receiving a liberal percentage of its public expenditures for the support of schools.

RECOMMENDATIONS

1. A physical training building be erected to meet the immediate needs of the city.

2. Recommend that $104,000 be appropriated for the support of the public schools. This is the same sum as appropriated for the past two years.

3. That the repairs as outlined for 1929 be made.

4. That the board give due consideration to the Teachers' Retirement Bill.

5. That the grading at School Street grounds be completed in 1929.

CONCLUSION

In closing, I wish to express my appreciation for the excellent assistance that I have received from the teaching staff, pupils, school board, parents, school officials and the citizens of this city.

Respectfully submitted,

WILLIAM H. BUKER.

REPORT OF PRINCIPAL OF HIGH SCHOOL

Mr. William H. Buker, Superintendent of Schools, Rochester, N. H.:

Dear Sir:—I herewith submit my annual report as Headmaster of the Rochester High School.

The school has enrolled this year 360 pupils.

REGISTRATION BY CLASSES

	Special Pupils	Post Graduates	Seniors	Juniors	Sophomores	Freshmen	Total
Boys enrolled	0	2	34	35	39	45	155
Girls enrolled	1	2	34	50	49	69	205
Boys left school	0	1	0	0	1	4	6
Girls left school	0	0	0	1	1	4	6
Boys in school	0	1	34	35	38	41	149
Girls in school	1	2	34	49	48	65	199
Total enrolled	1	4	68	85	88	114	360
Total left	0	1	0	1	2	8	12
Pupils in school December 3, 1928							348

REGISTRATION BY COURSES

	Academic	Commercial	Domestic Arts	Mechanic Arts
Senior boys	14	4	0	16
Senior girls	7	25	2	0
Junior boys	13	8	0	14
Junior girls	8	33	9	0
Sophomore boys	11	11	0	17
Sophomore girls	16	30	3	0
Freshmen boys	22	14	0	9
Freshmen girls	17	44	8	0
Post-Graduate boys	0	2	0	0
Post-Graduate girls	0	2	0	0
Special girls	0	1	0	0

ATTENDANCE REPORT

Enrollment:

	Sept. 4 to 28	Sept. 28 to Oct. 26	Oct. 26 to Nov. 23
Boys,	150	149	149
Girls,	192	192	196
Number of Sessions,	38	36	40
Average Daily Attendance,	335.6	334	330
Average Daily Absence,	6.95	7	15
Average Membership,	342.6	341	345
Percent of Attendance,	97.9	97	95
Number of Tardinesses,	34	30	47
Number of Dismissals,	13	15	21

Absence and tardiness are serious problems. Pupils who are absent are required to bring a note from the parent stating the reason for absence. This note is brought to the office and an admission slip is given to the pupil. Pupils who have been tardy without good reason are required to make up two hours for the first tardiness, four hours for the second tardiness, and are sent home on the third tardiness pending a conference with the parents. It is again necessary to call attention to the excessive number of absences and tardinesses. It cannot be possible that parents

realize the handicap placed on pupils by even a single day of absence or tardiness, otherwise they would make the extra effort necessary to have their children present on time every day. The only exceptions to this rule should be sickness of the pupil, sickness in the family, or impassable country roads.

POST SECONDARY WORK

There were sixty graduates in the class of 1928. We have made out certificates for the following pupils for entrance to colleges or other schools:

Keene Normal School: Dorothy Berry, Elsie King '27, James Connelly, Harold Edgerly.

Plymouth Normal School: Claire Creteau.

University of New Hampshire: Rhona Foss, Velma Nute, Raymond Fisher, George Scott '27, John Hartigan, Bernard Peterson, Ralph Goodrich '27, Elizabeth Rublee '27.

Mount Holyoke College: Evelyn Dorr.

New England Conservatory of Music: Janet Knowlton.

Simmons College: Marylyn Seaward.

Dover Business College: Dorothy Chalmers, Bernice Seavey, Florence Stevens.

Concord Business School: Reynard Garnett.

Homeopathic Hospital: Dorys Marchand.

Deaconess Hospital: Dorothy Page.

Grasmere Seminary: Marguerite Shedd.

MacDuffie's Preparatory School: Elizabeth Sweet.

Tilton Seminary: Albert Fisher.

Wesleyan University: Wayne Ricker.

Lynn General Electric School: Myron Varney.

New Hampton Preparatory School: Spencer Furbush.

Wentworth Institute: Harold Canavan.

It is interesting to note that twenty-three pupils of the 1928 graduating class of sixty pupils are continuing their education in other schools.

Rochester High School graduates are admitted to any college accepting students upon certification. A grade of eighty-five per cent is necessary for certification.

Rochester High School is approved by the New Hampshire Board of Education as a Class A school and graduates are accepted without examination for admission to either normal school of the state and the University of New Hampshire.

HONORS

The Springfield Scholarship was awarded to Miss Marylyn Seaward, now a freshman at Simmons College. The Dartmouth Medal was awarded to John Woodman of the class of 1929. Large scholarship R's were awarded as follows: Evelyn Dorr, Wayne Ricker, Marguerite Shedd, James Bray, Esther Emery.

Small scholarship R's were awarded to the following Seniors: Alice Allen, Thema Barber, James Bray, Claire Creteau, Evelyn Dorr, Esther Emery, Martin Lord, Elizabeth Lowe, Velma Nute, Wayne Ricker,

Marguerite Shedd, Marylyn Seaward, Elizabeth Sweet; Juniors: James Daggett, Cecilia Larochelle, Irene Larose, Claire Masse, Beatrice Nutter, Annie Phillips, Almee White, John Woodman; Sophomores: Barbara Bennett, Lucille Berry, Dick Blanchard, Wayne Buker, Mary Neal, Louise Dallaire, Paul Ricker, Phyllis Shorey, Charles Varney, Geraldine Willey, Ruth Wilson, Marjorie Foster; Freshmen: Wilda Autotte, Eleanor Babb, Elizabeth Clark, Florence Fisher, Gladys Goodwin, Olive Greene, Evelyn Lane, Wesley Martin, Annette Masse, Marion McGurty, Edith Meader, Marion Meader, Phillip Nangle, Mae Otto, Pearl Reeves, Violet Robinson, Glen Stuart, Dorothy Van Buskirk.

Baseball Letters were awarded as follows: Norman Varney, Donald Mitchell, Elmer McAllister, Wayne Smith, Elwyn Blaisdell, Philip Bailey, Arthur Piper, Harold Canavan, Spencer Furbush, Edward Marble, George Jefferson, Mgr. A Cheering Letter was awarded to Myron Varney.

Hiking Letters were awarded as follows: Velana Babb, Evelyn Brock, Freda Burrows, Elizabeth Clark, Ruth Cormier, Dorothy Draper, Marguerite Foss, Rhona Foss, Ruth Johnson, Evelyn Lane, Evelyn Massey, Ernestine Ruel, Grace Littlefield, Esther Towle, Freda Yeaton, and Mae Putnam.

Red and White Honor Keys were given as follows: Evelyn Dorr, Spencer Furbush, Janet Knowlton, Velma Nute, Dorothy Page, Annie Phillips, Elizabeth Ruel, Marylyn Seaward, Marguerite Shedd, Elizabeth Sweet, James Watson, John Woodman, and Wilson Neal.

Debating Key was given to Anna Ludden.

The Woman's Club Scholarship was awarded to Harold Edgerly.

The following is a report from Mr. Holden who is in charge of all student activities in the school.

The all round educational training of a boy or a girl is no longer limited to the scholastic education obtained through the courses of the regular curriculum. Modern educators believe much valuable training is obtained by editing a school paper, by debating, by playing in an orchestra, by singing in a glee club or by taking part in organized athletics.

Such activities at Rochester High School are under the control of an organization known as the Student Activity Association. This organization functions under the leadership of a faculty advisor. A president, a vice-president, a secretary, and committees for each activity are elected from the student body.

Each activity has a faculty advisor who voluntarily gives his time and effort to make that activity a success. This year Mrs. Allen has charge of the school paper, The Red and White; Mr. Barbour is responsible for debate; Miss Sprague trains the orchestra and glee clubs; Miss Jordan and Miss Earle have charge of the Girls' Hiking Club; and Mr. Webb coaches the athletics for boys. A new activity this year, a French Club, is under the direction of Miss Jenness.

Each class has a faculty adviser in charge of its activities. These advisers are Mr. Holden, Senior class; Miss Jenness, Junior class; Miss Earle, Sophomore class; Miss Jordan, Freshman class.

This organization is entirely self supporting, not obtaining any financial assistance from the school appropriation. The treasurer of the association is a member of the faculty, Miss Eva Locke. Under her direction the seniors studying office practice have pre-

pared a budget for the year 1929. This budget gives such a clear outline of the activities and their cost that it is included in this report.

BUDGET FOR STUDENT ACTIVITY ASSOCIATION FOR YEAR 1929

Football

Guarantees,	$250 00
Supplies,	450 00
Laundry,	10 00
Express,	3 00
Food,	50 00
Transportation,	175 00
Services (police, officials, etc),	300 00
Advertising,	25 00
Fair Grounds (rental),	100 00

Baseball

Guarantees,	$200 00
Supplies and Equipment,	450 00
Services (police, etc.),	75 00
Transportation,	300 00
Food,	15 00

Red and White

Record Press,	$475 00
Postage,	3 00
Awards,	50 00

Debate

Transportation,	$35 00
Books and references,	10 00
Awards,	20 00

Student Activity

Stamps and stationery,	$15 00
Supplies and incidentals,	150 00
Toll calls,	10 00
Music,	60 00
Total,	$3,231 00

The interest of the public shown by its attendance at concerts, debates, and athletic contests, and by subscriptions to the Red and White will do much to increase the interests of the pupils in their activities, and consequently increase the benefit they obtain from them.

LEWIS HOLDEN,

Faculty Adviser.

FINANCIAL STATEMENT, STUDENT ACTIVITY ASSOCIATION

January 1, 1928, to December 31, 1928

RECEIPTS

Balance on hand, Jan. 1, 1928,	$1,892 61
Student Activity,	869 14

Athletics,	2,257 25
Lunch Counter,	929 73
Debate,	29 15
Class of 1928,	686 38
Class of 1929,	40 63
Class of 1930,	35 45
Class of 1931,	27 89
Class of 1932,	2 00
Cash on hand, Dec. 31, 1928,	1,477 36
Total,	$6,156 83

EVA M. LOCKE,
Treasurer.

I have examined the foregoing account and find the same correct.

J. STACY TRIPP,
Auditor.

Report to Headmaster E. S. Fraser on

MECHANIC ARTS WORK AT ROCHESTER HIGH SCHOOL

Dear Sir:—The following report conveys the activities in the Mechanic Arts Department:

ENROLLMENT BY CLASSES

Grade VII boys,	68
Grade VIII boys,	52

Cabinet makers, Grade IX,	9
Pattern makers, Grade X,	14
Electricians, Grade XI,	14
Machinists, Grade XII,	16
Total,	173

The boys from Grades VII and VIII have woodworking 1½ hours per week.

High school boys have 12½ hours of shop work per week. High school boys also attend a class in mechanical drawing 2 hours per week, with the exception of seniors who attend 1 hour in mechanical drawing and 1 hour in a class of shop organization.

Every effort is exerted to make the shop courses as comprehensive as possible.

A practical demonstration of shop activities is afforded the public each year by having at least one open shop in the evening. The increasing number of visitors each year manifests a growing interest in the shop activities.

For brevity no comments will be made on the following partial list of projects made at the shops:

High school book room case, 7 ft. by 12 ft.

High school cafeteria kitchen floor.

Maple Street School playground equipment.

One car garage, full size.

Two high school filing cabinets.

High School science laboratory equipment case.

High School book room, lights installed.

Headmaster's office, lights installed.

Gonic School playground equipment repaired.

Filing furniture for the City Clerk.

General pattern shop activity.

General machine shop activity.

General electrical shop activity.

General cabinet shop activity.

Space does not permit a complete list of shop activities.

New equipment added this year is as follows: One new machinist's bench lathe, oxy-acetylene welding outfit, a pattern maker's trimmer, volt and ampere meters, transformer, dimmer, and several small tools.

It is interesting to note that 11 of the 15 mechanic arts graduates of 1928 are pursuing vocations of a mechanical nature.

The physical equipment and plant in general is in good condition, and is serving its purpose well.

I very much appreciate the cooperation of the vocational committee of the school board, the superintendent, the headmaster, the mechanic arts instructors, and the boys.

All these forces have contributed generously to the success of the Mechanic Arts Course.

Respectfully submitted,

GUY O. EDMUNDS,

Head of Vocational Department.

I wish to thank the superintendent and the school board for their help and suggestions in the work of the high school.

Respectfully submitted,

ELWOOD S. FRASER,

Headmaster.

January 2, 1929.

REPORT OF SUPERVISOR OF MUSIC

To the Superintendent of Schools:

I herewith submit my third report as Supervisor of Music in the Rochester public schools.

The same general principles are being followed as in the past two years.

Rote song singing is followed by drill on music's technical side.

Correct posture, the ability to sit "easily erect," makes for the deep breathing necessary for proper phrasing and good tone quality.

Voices are tested at the introduction of three-part singing.

We are continuing, as well, our efforts to arouse personal responsibility through individual work. There is no other single thing that will tend more to improve the music in any school. Quartet, trio, and duet singing will be easily accomplished in the upper grades if this work can be carried on as a matter of course from the first grade through the sixth.

The junior orchestra is continuing to grow in membership and in variety of instruments. We are delighted to have every school in the city represented in its membership this year. During Music Week last Spring we furnished music at the various buildings. We played, as well, at several Parent-Teachers' meetings.

The high school orchestra has suffered the loss of twelve members this year. Seven of these were graduated last June. The others through conflicts in schedules are unable to be with us. We appreciate having four of the present senior class as regular members. The orchestra, despite reduced ranks, is doing creditably. We are continuing playing at all high school functions.

The Girls' Glee Club is doing well. Its membership is limited to fifty.

The Boys' Glee Club is beginning its second year of work.

Last spring the combined glee clubs and orchestra gave a concert one evening of Music Week at the Opera House. This year we hope to give another concert earlier in the season.

In conclusion, I wish to express my appreciation for the cooperation of superintendent and teachers.

Respectfully submitted,

MYRA E. SPRAGUE.

REPORT OF SCHOOL NURSE

To the Superintendent of Schools:

It is a pleasure to submit my first annual report as school nurse in Rochester.

Number of pupils examined,	1,750
Pupils with defective teeth,	274
Pupils with hypertrophied tonsils,	179
Pupils with defective vision,	83
Pupils with defective hearing,	9
Pupils 10% underweight,	227

Those improved since September 1928:

Pupils' teeth improved,	50
Pupils' tonsils improved,	9
Pupils' vision improved (by securing glasses),	11
Pupils brought up to normal weight,	30

As can be seen above, one of our biggest problems with children is that of undernourishment. In our schools there seems to be but one way we can assist these pupils, and that is by having milk available at recess periods. The milk that is now furnished comes from tested cows, and is served under sanitary conditions. There are now about two hundred pupils either bringing milk from home or buying it at school. Even in so short a time, I am sure there has been much benefit derived.

The work with pupils in school constitutes only a fraction of a school nurse's duty. To understand a child and his problems, one must know something of his home life.

Educational and financial aid in many cases can be provided by the nurse. The home is the background and foundation of the child, and little can be accomplished if we do not start at the bottom and work up.

Harm can be often avoided if proper information is provided in time. Defective vision is one of the most outstanding cases. One pair of glasses at the proper time may mean all the treatment necessary. If a parent were acquainted with these facts there would be little delay.

I have given several educational talks. These addresses would not be necessary if it were possible to visit every parent in the home. Since this is not feasible, health addresses are quite essential. These have included:

Proper daily habits

Illustrations showing needs of a strong body

Proper foods

Epidemics of children's diseases and colds which

are so prevalent during the winter may be somewhat diminished by the knowledge gained in these talks. If home and school work in harmony it seems there would be no end to our accomplishments.

I wish to thank the parents, teachers, superintendent, and organizations of the city who have assisted in this great work.

Respectfully submitted,

ADELINE MORGAN, R. N.

School Nurse

REPORT OF PLAYGROUND INSTRUCTOR

(Summer of 1928)

To the Superintendent of Schools:

I herewith submit my report as supervisor of Hanson's Pines Playground for the season of 1928, beginning July 1 and ending August 25.

I. Attendance:

Average, 150

Record day estimated at 300, August 14.

II. Activities:

65 children given elementary instruction in swimming.

25 given instruction in diving.

A swimming meet held August 23 was won by Miss C. Burleigh. A silver cup was awarded.

Swings, teeters, and other equipment have been in use through the entire period.

The tennis courts have been constantly in use.

III. First Aid:

No serious accidents have occurred.

18 children have received treatment for minor cuts or bruises received on the swings or during swimming.

14 children who were in danger of drowning had to be taken from the water. Of this group 10 can now swim at least 50 feet.

IV. Recommendations:

Construction of a shute or slide for water sports.

Sand boxes and sand piles for smaller children.

Woman assistant to take charge of activities other than swimming.

Respectfully submitted,

ISHMEAL MacKECHNIE

REPORT OF PHYSICAL DIRECTOR

To the Superintendent of Schools:

I hereby submit my first report as Director of Physical Education and Athletics of the Public Schools of Rochester. The Physical Education Program has been chiefly confined to the grades. The work in the grade schools is progressing satisfactorily and although most of the work is confined to the classrooms the results have been shown in the increased ability and health of the pupils.

The program for the grade schools has aimed to promote skill, to make the pupil better physically, and to create a liking for the work. Exercises are so designed to promote skill and to build up the body. A game of some sort is used every day to keep interest and this also is of benefit to the physical welfare of those participating.

The Athletic Program is directed by the Student Activity Association and Mr. Holden, Faculty Advisor of Athletics. Financially, athletics are on a sound basis and nearly pay their own way.

I would like at this time to suggest that the Program of Physical Education and Athletics, especially in the High School, is greatly retarded because of the great need for a gymnasium in which to carry on this program.

Respectfully submitted,

DAVID WEBB

REPORT OF THE HOUSEHOLD ARTS DEPARTMENT

Mr. William H. Buker
Superintendent of Schools
Rochester, New Hampshire

Dear Sir:

I herewith submit my Annual Report as Supervisor of Home Economics.

In the elementary schools there are one hundred and thirteen girls taking cooking and sewing. This course is offered one and one half hours per week to seventh and eighth grade girls.

We not only cook and sew but study the make-up of foods that are needed for good health. To illustrate: the study of doughs, batters, making of cheese, etc., are thoroughly discussed.

In the high school, classes are offered in Home, Its Care and Management, and Foods and Nutrition. In these classes subjects like construction of the house, arranging gardens outside the house, and arrangement of rooms inside the house are studied. The making of a budget and the expenditures of the home are also a part of the course. There are forty-six girls registered for the home economics course in the high school.

In February a sewing exhibition of the work accomplished in grades seven and eight will be given.

Respectfully submitted,

C. LOLA MEADER,
Supervisor of Home Economics

CLASS ODE

Words by Janet Knowlton

Now as we follow the pathway of life,
And enter anew life's sea of strife,
May God, our Pilot, be ever near
To keep us from every fear.
Time, like a fleeting bird, has passed
With all of childhood's toils and pleasures,
May we pursue the upward road
Of those who have gone on before.
Shall we forget the friendships so dear
As we do part, with a smile and a tear?

CHORUS

Who knows what brilliant fortune awaits us
As we valiantly travel the highway of life?
Tenderly guide us, and lead us, God,
Through the world's tempestuous strife;
And may we each hold our high school days
In memory and love always.

O, may we each be true to our task,
Turning to God wise guidance to ask,
And those who grow weary with life's heavy cross
We pray may not count it loss.
May we strive for the goal with a laugh and a song,
Holding our aim sure, steadfast, and strong,
Winning at last in the earnest strife
The pleasure and peace of life.
Onward and forward the heights to attain,
Fame and honor will be the gain.

EIGHTH GRADE GRADUATES, JUNE 15, 1928

WAKEFIELD STREET SCHOOL

*Belinsky, Hyman
Bosquin, Joseph
*Bosquin, Sylvio
*Charette, Regena
*Cooper, Richard
*Crockett, Virginia
Dodge, Kenneth
*Dolbec, Irene
*Dunnells, Virginia
*Foss, Natalie
*Graves, Lois
*Grenier, Charline
*Howard, Louise
*Johnson, Charlotte
*Jacques, Henriette
*Lamy, Robert
*Luneau, Palma
*Morgan, Alberta
*Parson, Bernard
Randall, Sylvia
*Sanborn, Carleton
*Smith, Alice
*Snierson, Irene
*Stackpole, Helen
*Swaine, Evelyn
*Wait, Elizabeth
*Willey, Patricia
*Young, Ina

ALLEN SCHOOL

*Bickford, Albert G.
*Bickford, Roger K.
*Blaisdell, Alan S.
*Clark, Richard I.
*Houle, Marjorie A.
*Howard, Bernice E.
*Howard, Cleon E.
Littlefield, Clifton A.
Lyons, Lincoln
*Malone, Franklin
*Marble, Alwyn
*Miller, Elsie E.
*Mott, Ralph E.
Nelson, Erwin
*Otis, Alfred J.
*Pike, Dorothy A.
*Price, Mildred E.
*Roberts, Paul H.
*Scruton, Horace S.
*Shields, Dorothy E.
*Smith, Delmar L.
*Smith, Harold R.
Weymouth, Lena V.
*Wright, George T.

SCHOOL STREET SCHOOL

*Allen, Albert J.
Autotte, Robert
*Carnegie, Esther
Dame, Edward
*Dudley, Edwin
*Evans, Eleanor
*Gray, Irene
*Hall, William
*Lord, Charles
*Nesbitt, Lillian
*Nutter, Thelma
*Palmer, Jack
*Palmer, Marjorie
*Smith, Barbara
*Tebbetts, Donald
*Varney, Barbara

*Hamilton, Frances
*Hersom, Lillian
Horne, Hazel
*Hoyt, Homer O.
*Johnson, Edgar
Junkins, Avis
*Lagasse, Hervey
*Villanova, Elizabeth
